

Side Lying Massage

Not just for Pregnancy Massage

March 15, 2024

Friday 9 am - 6 pm (8 hours)

\$160 + \$20 materials

Each client is unique. For some clients, being face down for a massage isn't comfortable, whether because of a specific body type, pregnancy, or a health condition.

Side lying massage expands your options for those clients. You can incorporate side lying techniques into *all* of your sessions!

Clients enjoy the stretching and feeling of elongation from side lying massage – they'll often ask for it again in the future.

Gain a New Perspective

Side-lying massage is effective for all body types because it's a new angle for deeper work.

Thinking of the body as a pancake that needs to be "flipped" midway through a session is a mistake. Therapists aren't just limited to working on the front and back! Bodies are three-dimensional structures that need to be worked on from different perspectives.

The workshop will show you exactly how to do that, and more.

Expand Your Toolbox

You'll learn how to:

- Give a flowing side lying massage
- Apply targeted techniques to the shoulders, low back and hips
- Use proper draping and bolsters
- Integrate side lying work into relaxation massage

Optimize Learning with a How-To Guide

How many times have you taken a class and forgot part of it after you left? We want these skills to stick!

You'll receive a workbook with photos and details of the techniques. The workbook will help with learning the concepts in class, and it also makes it easier to review the techniques afterward.
